

# Monaco Grand Prix, Formula 1

13<sup>th</sup> May – 16<sup>th</sup> May 2010

**The Monaco Grand Prix is the oldest street course and takes place right on the water in the narrow and winding streets of this picturesque city. Over 200 kilometers long with 78-laps, the race allows spectators to watch just a few meters from the race.**

The National Sporting Club is delighted to offer members the opportunity to be part of Formula 1's most sought after and exhilarating races in the world aboard a luxury yacht moored in Port Monaco.

Ideally positioned facing Tobacco Bend, guests enjoy a privileged view as cars exit the tunnel from under the Fairmont Resort Hotel, navigating the famous Chicane du Grand Prix before screaming down the Quey des Etats-Unis. From our vantage point on the water, the Giant Video Screen, placed by the Automobile Club of Monaco, facing the harbor and the Quay des Etats-Unis, allows guests to follow the entire race course.
